### Short Description

The SD 217 E is a 1-door display refrigerator, with 160 net liters of cooling space. Comes with 5 white, heavy-duty wire shelves with wires to ensure that all types of glasses, cans and bottles are stable on the shelves. The cabinet has 4 wheels, so it is always possible to move it, even when it is full. The cabinet has a right hinged door with lock, so it is possible to lock the cabinet. The door closes automatically which always minimizes temperature rises. 1 vertical energy-saving LED light in the front provides a good light and represents the goods nicely. The cabinet has Intelligent Air Circulation System, which ensures perfectly ventilated cooling throughout the cabinet. SD 217 E is mechanically controlled.
