Short Description

SK 145 GDE is a 1-door storage refrigerator with stainless steel cabinet and glass door that holds 145 net liters of cold storage space. 82 cm in height allows the cabinet to be built under a table. Temperature range between 0-10 °C. The cabinet has a robust steel handle that is continuous on the door. Comes with 3 adjustable wire shelves. The cabinet has four wheels and two adjustable feet in the front, so the cabinet can easily be moved and can stand stable on all surfaces. SK 145 GDE is with right hinged door and the doors are self-closing which always minimizes temperature rises. 1 horizontal energy-saving LED light in the top provides a good light in the front. Ventilated cooling, ensures that the cool is always uniform on all shelves. The cabinet is electronically controlled and has an external control panel and display so it is easy to see and adjust the temperature in the cabinet.
