

MOBILUX

BATTERY FREEZER

W. TRICYCLE

Combi version of freezer and cooler. The Mobilux 12 V freezer or cooler is the right choice if you need mobility or don't have power available. It will help you to sell your ice cream, frozen foods or cold drinks in places, where this normally would not be possible as it can be supplied and installed on a tricycle. It works with an input of 230 volt/ 110 volt to a charger, which supplies a 12 volt gel battery. Once loaded, the battery will run a 12 volt compressor. The battery and compressor are both well hidden inside the motor compartment.
